The Top 7 Apple iPhone Complaints & Some Simple Solutions

While we all love our iPhones, there s probably a few things we wish we could tweak or change about them. This is a list of common iPhone complaints, which luckily have a solution. Most of these solutions, however, require that you have a jailbroken phone. If you re not sure how to jailbreak your phone, the instructions [...]

6 Online Time Clock Websites For Fun & Accuracy

Okay, I admit it. I?m a time freak. I hate to be late, and I usually carry backup means to tell the time. Sometimes though, it?s not the devices in my pockets, but the websites. We?ve discussed all sorts of things about time before. Simon posted a great list of alarm clock applications for various platforms, [...]

How to Create Your Own Software License Agreement

Anyone who creates something, be it art, writing or products is entitled to have full control over how their creation is used. The same goes for software and its developers. If you develop a cutting edge program tomorrow, wouldn t you like to know that its users are legally bound to use it the way you [...]

ReadPal Reader ? A Tool That Helps You Focus For Better Reading [Windows]

It's very likely you don't have an attention deficit disorder or suffer from reading disabilities. It's very likely that you might dismiss a reading aid software out of hand. But take ReadPal out for a run through a few blocks of text and you will be pleasantly surprised. ReadPal is about a better reading experience. ReadPal [...]

Get Organized On Your Android Phone With Astrid

One of the issues that I deal with often, and have yet to find a good solution for, is personal organization while I'm on-the-go. I've used Google Calendar, iDailyDiary and even Excel. However, one problem that I always have is that when I have to travel a lot, or I'm racing from place to place, [...]

How To Monitor What Is Being Said About You Online

I recently wrote about how you can find out when someone searches Google for your name. If you are interested in who is looking for you and your general online reputation, you are probably equally interested in finding out what is being said about you online. People could be spreading information

about you or your business [...]

3 Cool Tetris Spin-Off Online Games

Tetris is, together with Mario, Pong and Pacman, one of the retro classics. Henceforth, it s hardly surprising to see spin-offs of the game. Most of those spin-offs, however, stay incredibly close to the original. If it ain t broken, why fix it right? So the game s ported to yet another device, donned in a new shiny [...]
