### Three Coins in the Fountain (3/4 Stars)

I like most of the characters in this film, except Louis Jordan and the girl who's trying to get him. I always have thought of her as more of a stalker than a lovestruck girl. I usually get a snack d...

### Funny Thing Happened on the Way to the Forum, A (4/4 Stars)

I love this movie (so does my boyfriend who hates musicals) the guy who wrote the songs Steven Sondheim is the same guy who wrote the songs for Sweeny Todd. Zero Mostel is simply a comedic god. Plu...

### Julia (1977) (2.5/4 Stars)

I found this to be an extremely depressing film. With no real resolution. Still I'm glad I watched it. If for no other reason than it was Meryl Streep's first film. Once I learned that Fred Zinneman...

### When in Rome (1/4 Stars)

I'm gonna attempt to talk about this movie without listing everything I hated about it. The reason being I would get carpal tunnel from typing millions of words. The first thing that peeved me was t...

### Inglourious Basterds (4/4 Stars)

Not Avatar, the Hurt Locker or Precious. Hands down, the Best Picture of 2009 was Quentin Tarantino's Inglourious Basterds. While a movie about World War II being nominated for Best Picture is like th...

### Nine (1/4 Stars)

A film of oddness all the way through. It basically is a director meeting different women or thinking about them with each one with a song to sing. The story poorly structured and connected very poor...

### District 9 (1.5/4 Stars)

This movie had one of the most misleading trailers in recent memory. I suppose the one positive thing that could be said about it is that it is somewhat original. The movie begins documentary style t...

### **27 Dresses (1.5/4 Stars)**

Katherine Heigl is the only thing keeping this movie alive, or should I say on life support. It's bland, predictable and overachieving. You can't get more stereotypical romantic comedy than this, I c...

### **Wuthering Heights (3.5/4 Stars)**

I love this movie, although I haven't read the book I get the impression it's probably not all that close. Olivier is just lovely to watch (forgive me I'm still a girl) the music is melodic and sad...

### **Sound of Music, The (4/4 Stars)**

I watch it every time its on TV. I also sing along (don't judge) whenever i watch it I'm instantly transported to my childhood, watching it every year with my family. The songs are catchy and some
